Date: 12th July, 2024

Duration: 45min Walked by: M Thistlethwaite

Comments:

1. Footpaths clearly marked throughout.
2. Footpath through fields clear and easy to follow.
3. Footpath to bridge over overflow channel. Weeds to bridge and side of river Wreake will soon need to be stripped back.

4. Path through woods was overgrown but passable – didn't check around river this time. Checked footpath around river – that was OK.
